About BLC

BENAA LIMITED CONSTRUCTIONS (BLC) was established in 2008 by a group of partners experienced in design, construction, and project management fields. Having our own design team in-house, a high degree of control over timely delivery and project quality is enabled. BLC facilitates all design and build projects in addition to MEP, landscape, and interior design. What makes BLC special is its history of projects being constructed in several prime areas in different sectors, such as administrative, commercial, residential, and more.
